

Purple Tag

with Quatro

Purple Tag delivers plant-available potassium for stronger stems, better water regulation, and higher yield potential — enhanced by Quatro technology to help unlock faster potassium uptake and support plants through stress.

PRODUCT HIGHLIGHTS

Makes it easy to sustain Ideal potassium levels or correct potassium deficiencies

Stimulates growth of fruit, seeds, and tubers

Provides sustained potassium nutrients at key reproductive stages

Quatro Technology helps mitigate plant stress and enhanced fertilizer efficacy

Adds crop-available nitrogen and potassium
